

STATUS CHANGE

This form is only applicable to students thinking of changing their enrollment status for next semester. Nearly 10% of interstudy students change their enrollment plans over the crucial first weeks of the semester, with just over two-thirds switching from Semester Only to Full-Year, either remaining at the same campus or moving to another interstudy program. This option is available to you, but the sooner we know the easier it is to change. In any event, be sure to **return this form by 15 October for Spring/Semester I enrollment and 15 March for Fall/Semester II enrollment**. If you anticipate any difficulty in arranging a change through your home college, remember to contact us so we can help. The same goes for those Full-Year students who must leave after one semester.
